

Q - 5) (3 marks)

```
n= int(input("Enter the limit"))
for i in range(n):
    for j in range(i):
        for k in range(100):
            print("Time complexity")
```

Answer:-

$$O(n * i * 100) = O(i * n)$$
